Dear School Board,

Thank you for receiving and considering my letter dated May 11, 2021. Your response dated May 13, 2021 made it clear to me that the board does not see a path forward for us to work together in the high calling of training our children. Acknowledging this and understanding that changes to the association constitution are not forthcoming, I resign my full membership in the Association for Protestant Reformed Education. It is my hope that we can find a way to effectively work together, whether by associate membership or other means.

In Christian Love,

Michael Vermeer
